

# Improving communication within the school community

As a governing body, we recognise the need to improve communication within the school community. We have a group of governors looking at this and we are keen to hear from parents and carers their suggestions about how we can improve communication.

There are two ways we want to do this:

1. We are holding a meeting which parents and carers are invited to attend.

20<sup>th</sup> March

7 – 8pm

Downstairs in Western Building

Please do come and talk with us about your views on communication and ideas for improvements.

2. A number of you have already filled out a questionnaire on communication at parents' evenings. Thank you. For those of you who have not had this opportunity, a copy of the questionnaire is on the website. It will be emailed out and paper copies are available in the school office. Please hand your completed questionnaire in at the school office. If you wish to complete it electronically, please email it to [enquiries@westways.sheffield.sch.uk](mailto:enquiries@westways.sheffield.sch.uk)

Please do let us know your views. Thank you.
