Science Chocolate Road

Dear Parent/Carer,

As part of our Science learning this half term, Year 2 has been exploring materials and how they can be changed. To learn about real-life designers, we will be discovering how John McAdam advanced the way roads are surfaced. To understand how his technique improved road strength, the children will be making their own chocolate roads during the week commencing 12th October 2026.

Due to the dietary requirements of our children in Year 2, we will ensure that all recipes used meet the needs of all pupils. If your child has any dietary needs that we are not already aware of, please speak to your child's teacher as soon as possible.

Kind regards,

Miss Spragg, Mrs Blow, Miss Arnold and Mr Jensen
Year 2 teachers
